DEPT. OF URBAN PLANNING & LAND USE

In an effort to reduce plan sets and improve communication between the applicant and the plan reviewer, the UG is working towards streamlining the plan review process by adding Electronic Document Review (EDR). EDR will be available for the Department of Urban Planning and Land Use applications (Planning Commission/Board of Zoning Appeals) and the Development Review Committee (commercial building permit applications). Staff will utilize Adobe Pro to review and generate plan review comments for these applications.

EDR will provide substantial benefits to our applicants. It offers an easier and more efficient plan submittal. EDR aims to increase cost savings by reducing printing/paper/delivery costs, reduce staff time for assembly and distribution, serves as a more efficient conduit for the communication of corrections and revisions, and it's green! For example, a large 2012 commercial development spent \$27,000 in printing cost for the DRC building permit review process. Per KC Blueprint, a smaller project with 100 sheets will cost \$60 to print with EDR vs \$480 from traditional DRC submittal with 8 hard sets. EDR will drastically cut printing cost for development projects. *As part of this initiative, the Department of Urban Planning and Land Use and the Neighborhood Resource Center are now accepting credit card payments. Since we are all pioneering this new process, your feedback is appreciated to help improve your next visit.

All DRC and Planning Department submittals shall follow the Electronic Document Review guidelines.

Follow our updates at www.wycokck.org/DRC.

What will I need? In order to participate in the EDR process you will need to have the free version of Adobe Acrobat Reader ([click here](#) to download) on your digital device. However, your functionality increases if you have an advanced version of Adobe Acrobat (we currently operate with Adobe Acrobat XL Pro, versions 10 and 11).

A complete DRC submittal shall include:

1. DRC permit application
2. DRC Plan review fee
3. One (1) Electronic Submission in the form of a CD/thumbdrive, FTP link, or Dropbox.com link containing the following:
 - One (1) single PDF of the plan set with electronic seal and signature of all design professionals on all documents, reference Electronic submittal standards.
 - Required reports, calculations (e.g. Stormwater calcs), specs, **COMchecks** (i.e. Mechanical, Electrical Code Compliance reports), transmittal letter giving the scope of work, etc. Reference file naming standards.
4. 1 hard set of complete construction plans, signed and sealed by a Kansas licensed professional(s).

Track Your DRC Project ONLINE

DRC applicants can access real time plan review status online at the [NRC E-link](#). You will need your DRC permit number to reference your project status. You can access and download your plan review comments on your project. The full NRC E-link guide is at the [bottom](#) of the next page.

It is a 2015 goal for plan review comments to be accessible through the online modular.

A complete Planning Commission or Board of Zoning Appeals submittal shall include:

1. Development application.
2. Development application fee.
3. 1 individual CD/thumbdrive containing a PDF of the plan set with electronic seal and signature of all design professionals on all documents. CD/thumbdrive shall contain reports, calculations, transmittal letter, etc. Reference files naming standards.
4. Reference the submittal checklist for additional submittal requirements, such as, material pallet, affidavits, etc. This document only applies to plan set submittals.

Electronic plan submittal standards:

1. Individual CD/thumbdrive, FTP link, or Drobbox.com link containing a PDF of the plan set shall follow the File Plan Naming Standard.
 - a. PDF sheets shall be saved as D sheets, 24"x36".
 - b. Submittal shall include complete set of the project as a PDF (civil, architectural, MEP, etc).
 - c. Plan set shall have the legend or table of contents hyperlinked to each section/sheet listed.
 - d. **Each sheet shall be required to have the digital seal and signature of the Kansas licensed surveyor, architect, and/or engineer and the seal date. Plans will not be reviewed unless each sheet is sealed and dated. Supporting reports, calculations, COMcheck required seal and signature as well.**
2. Resubmittal shall follow the same schedule for Planning Commission and DRC applications as listed above. CD cover shall be labeled by the project name, address, and submittal date. **A PDF detailed transmittal letter specifying how staff comments were addressed shall be included on the CD.** The submitted electronic plans shall not use the color "red" for plans, drawings, notations, etc.
3. If revisions are required to the DRC plan set, applicant is responsible for inserting revise sheets into the DRC plan set. This will be a requirement for resubmittals and final permitting approvals. This is critical, as it is the set that will be returned to the job site and referenced for inspections.
4. **Revised sheets will be accepted via email if less than 4 sheets at EDR@wycokck.org. A PDF detailed transmittal letter specifying how staff comments were addressed shall be included on the CD. The submitted electronic plans shall not use the color "red" for plans, drawings, notations, etc. Reference File Plan Naming Standards. File Plan Naming Standards for EDR

EDR Applicant Users Guide

When preparing your plan sheets for an Electronic Document Review (EDR) submittal, please follow the file naming structure shown below. All file names will begin with a letter(s) designation followed by two numbers. **Example:** Architectural drawings would be designated as A01 through A99.

Exception: The applicant's cover sheet must always start with the number 0 (zero) followed by the letters cs (cover sheet) and then a number: 0cs1, 0cs2, etc. Using the number 0 (zer0) will ensure that your cover sheet will always be alphabetically on top of the list in EDR.

Cover sheet index/legend for your plan set shall be labeled to these standards, in addition to each sheet of your plans. Each set of your supporting documents will be a separate file and must be clearly named.

Example: Z01 COMcheck Building Envelope
Z02 Retaining Wall Calculations

Resubmitted plan sheets shall designate R behind the sheet title and include the revision date. **Example:** Original sheet titled **A01** and revised sheet titled **A01R_1_12_14**. For DRC Electronic Document Review (EDR) submittal requirements reference [Electronic Document Review Submittal Requirements](#).

We have referenced a standard naming practice for construction plan sets. **Plan set shall have the legend or table of contents hyperlinked to each section/sheet listed.**

(b) Timing. The pre-application conference shall occur at least ten (10) days prior to the submission date unless otherwise specified by the Director or the Director’s designate. Applications must be submitted within six months of the conference date or a new conference shall be required.

(c) Additional Parties. As necessary, the Department of Urban Planning and Land Use may include representatives of other departments or agencies at the pre-application conference.

27-253	Application Requirements
---------------	---------------------------------

(a) Materials. Current application forms and submission requirements are available from the Department of Urban Planning and Land Use in the Municipal Office Building and may be obtained during business hours. All materials submitted in support of a development application become part of the public record and are generally not returned to the applicant.

(b) Technical Studies. The Director or the Director's designate may require applicants to prepare additional technical studies in support of applications for rezoning, planned rezoning or special use permits. Examples of these studies may include: traffic, noise, light, environmental impact, market, economic impact, engineering, or flood. The cost of the study shall be the applicant's responsibility. Appeal of the Director's determination may be taken to the Planning Commission, who shall be the final decision-maker. No further action will be taken to process the application pending the PC's determination.

(c) Deadlines. The Department of Urban Planning and Land Use will establish and make available at its office a list of submission and revision deadlines for the various development applications. Failure to submit a complete or revised application on or before the deadline will preclude the City from placing the application on the scheduled Planning Commission agenda.

(d) Completeness. Within five (5) business days of submission, a member of the Department of Urban Planning and Land Use staff will review a submitted application to ensure that it is complete.

- (1) An application is complete when all of the items required by these regulations and on the application form are prepared and/or answered, and any required supplemental or additional applications (e.g., comprehensive plan amendment) are submitted with the appropriate fee to the Department of Urban Planning and Land Use.
- (2) Incomplete applications will be held by the Department of Urban Planning and Land Use with a written explanation of defects provided to the applicant. The Director will take no further action on incomplete applications. Appeal of this determination is made to the Planning Commission, who is the final decision-making body. No further action will be taken to process the application pending the PC's determination. Applications that have been returned to an applicant for

revisions will not be processed until such revisions have been determined to be complete by the Director or Director's designate.

- (3) Complete applications shall be processed in accordance with this Chapter.
- (4) If the Director fails to act within five (5) business days, the application shall be deemed complete.
- (5) Following a determination of completeness, modification of the application by the applicant without approval of the Director or Director's designate, or modification that is not pursuant to the directions of the Planning Commission or Board of Commissioners shall void the determination of completeness and trigger a new ten (10) day review period. All processing of the application shall stop until a new, complete application has been filed.
- (6) A determination of completeness shall not constitute a determination of compliance with the substantive provisions of these regulations.

(e) Fees. Application fees shall be set in an amount to recover the costs of processing, publicizing, and reviewing development applications. The County Administrator shall set and may modify the fees, which shall be included as an appendix to this Code.

These boundaries can be modified by the Director by up to 30% either larger or smaller, depending upon the size, location and density of the proposed development.

ZONING SIGN PLACEMENT GUIDELINES

When placing a zoning sign, keep in mind the purpose of the sign is to inform the public of a pending public hearing. The following criteria are intended to assist in placing the sign.

1. Place the sign conspicuously
2. Place the face of the sign parallel to the street.
3. If there is a choice of streets, place the sign on the most traveled street
4. Post the sign so that it is legible above grass and shrubs in the area
5. The sign should not be placed in the public right-of-way. The right-of-way usually begins at a fence line, utility line or sidewalk. When in doubt, place the sign at least 10 feet behind the edge of the street.
6. The use of trees near the right-of-way and fences are ideal for posting the notice.
7. If trees and fences are not available the use of two "tomato" stakes or a realty style sign are preferred.
8. The sign must be posted at least 20 days prior to the public hearing and needs to be kept in place until the Planning Commission meeting.
