Wyandotte County Public Health Department
2016-2017 Influenza Surveillance Report*
April 15, 2017
(Through MMWR Week 15)

*Influenza is not a reportable disease in Kansas; these counts reflect all voluntary influenza reporting received by the Wyandotte County Public Health Department. Apparent trends may be influenced by reporting practices. Data are subject to change.

Please contact our communicable disease program at 913-573-6712 (phone) or 913-573-6744 (fax) with any questions or reports.
