Linking Employers and Employees

Purpose

The Employment Consortium of Wyandotte County is a coalition of regional agencies and programs, job trainers, employment placement and economic development organizations to meet the needs of employers.

We know and understand it can be difficult to find qualified employees. Our applicants range from highly skilled individuals to those just entering the workforce. The Consortium can help you find the right employees to meet your staffing needs.

The Consortium offers the unique opportunity to network with community agencies and employers to address problems such as transportation needs, and employee training.

Why the Employment Consortium?

- Network of support services to enhance job readiness and job retention.
- Training resources to meet the needs of area employers
- Supporting child care, healthcare, and transportation.
- Network with other employers and share ideas.
- Meetings held on the third Thursday of each month, 9am @ Reardon Civic Center.
- Broadcast e-mailing available—send job openings and announcements to: Rich Ayers
