## First Phase of Improvements

The first phase of the Minnesota Avenue rehabilitation project began in July 2012 in the intersection of 7<sup>th</sup> and Minnesota.

The street, sidewalk and sewer improvements were part of the new downtown Connex MetroCenter project, which was completed in 2013.

## New Phase of Improvements to Begin on Minn. Ave

The Unified Government's Public Works Department will begin another round of major street and sidewalk improvements along the Minnesota Avenue corridor later this year.

This next phase of improvements is a continuation of the major street rehabilitation project in 2012 at the intersection of 7<sup>th</sup> and Minnesota. The project was part of the construction of the Downtown Metro Center.

The Downtown improvements will begin on Minnesota Avenue between 7<sup>th</sup> and 8<sup>th</sup> and continue west with the same street, sidewalk and landscaping enhancements.

Public Works anticipates construction beginning in June of 2015 with completion by the end of December 31, 2015.
