## “Improving the Quality of Life within a major Speedway Community”

Liveable Neighborhoods, Community Policing and the Wyandotte County Sheriff's Dept. have formed a coalition to support diverse leaders and organizations in Wyandotte County committed to integrating and aligning resources to make our community safer and healthier. We have created a partnership that is dedicated to engaging our entire community in the Wyandotte 500 initiative.

Our efforts are results focused and the bottom line is that the work of Wyandotte 500 is a common sense, smart spending, sound investment in the future of the safety, healthiness and well-being of Wyandotte County Kansas City, Kansas.

The Wyandotte 500 Coordinating Committee is seeking projects which target some of the various issues below. We hope interested individuals will submit project applications to the committee, which are available from Liveable Neighborhoods. Once approved, the coordinator can bring their idea for the project to the Wyandotte 500 coalition to recruit interested people to form an action planning group. The action planning group will then work together with the coordinator to complete their project. All projects will be documented for collection into a booklet and distributed at the monthly Liveable Neighborhoods meetings. We want to recognize people who have an idea and the passion to make their projects come true.

We hope to accomplish 500 projects and make a positive difference in the quality of life for our residents. Please join us for the Wyandotte 500 Program at the monthly Liveable Neighborhoods meetings, we welcome anyone and everyone!

Oak Grove extends a personal "thank you" to you for having taken the initiative to connect Kansas City, Kansas neighborhood residents with *the Christmas in October* program, The Oak Grove residents who benefited were grateful. Your initiative is exactly the type of "gap solving" that we hoped would result from the round table discussion that we held in 2008. *Elnora Jefferson, President Oak Grove NHG*

Thank you for the invitation to participate in the Community Partners Red Carpet Recognition Dinner. More importantly, thank you for years of dedication and earnest efforts to work with our community and make Kansas City, Kansas a better place to live.
