# ACTIVITIES

### ZUMBA

We take the “work” out of a workout, by mixing low-intensity and high-intensity moves for an interval-style, calorie-burning dance fitness party. Once the Latin and World rhythms take over, you’ll see why Zumba® Fitness classes are often called exercise in disguise. Super effective? Check. Super fun? Check and check.

### ZUMBA GOLD

Active older adults who are looking for a modified Zumba® class that recreates the original moves you love at a lower intensity. The design of the class introduces easy-to-follow Zumba® choreography that focuses on balance, range of motion, and coordination. Come ready to sweat and prepare to leave empowered and feeling strong.

### STEP

Aerobic exercises and dance movements are performed by stepping up onto and down from a rectangular platform.

### STRONG NATION

Training to the beat. STRONG Nation™ combines body weight, muscle conditioning, cardio and plyometric training moves synced to original music that has been specifically designed to match every single move. Every squat, every lunge, and every burpee is driven by the music, helping you make it to that last rep, and maybe even five more.

### CARDIO KICKBOXING

Cardio kickboxing is a group fitness class that combines martial arts techniques with fast-paced cardio. This high-energy workout challenges beginner and elite athletes alike. Build stamina, improve coordination and flexibility, and burn calories as you build lean muscle with this fun and challenging workout.

### INSANITY

Just the name itself may scare many from this type of cardio workout. Touted as one of the hardest exercise routines around, Insanity uses no gym equipment. Just your own body weight. Insanity differs from HIIT in one fundamental way. While HIIT training is based on shorter bursts of activity, Insanity utilizes maximal interval training. This is where you are moving for at least 3 minutes at a time. Because of this, you are hitting the aerobic portion of the workout hard. Insanity workouts take between half an hour and an hour to complete. This format will have you alternating between plyometrics, conditioning, and resistance training to torch calories.

### YOGA

Yoga is an ancient practice that brings together the mind and body. It incorporates breathing exercises, meditation, and poses designed to encourage relaxation and reduce stress. You will see improvements in strength, flexibility, and mind-body awareness. If you are a member of Metro KC Fitness the yoga class is complimentary with your membership. For nonmembers, the yoga class is \$10 per class attended. No need to sign up for yoga class, just simply arrive prepared to practice the art of yoga. Leslie is our bilingual, certified yoga instructor. All fitness levels are welcome to join her class on Saturdays at 9 am. Mats are provided, but feel free to bring your own. This class is ongoing, so you are welcome to join anytime.
